If anyone is interested in contributing to or advertising in our program guide, LOWEST COMMON DENOMINATOR, the deadline is December 20th. Contact Ken Freedman at (201)-266-7900 Monday through Friday at the station for more information.

One by one, we are filling our weekday overnight programs. We are now on from 3 to 6 AM all nights but Monday and Thursday. We want to fill these slots by late January.

Gerald Seligman, who does a program of international music on Sunday afternoons, will be taking a 2 month leave to produce albums and do field recordings in Brazil.

In other WFMU news, we have begun collecting silly promotional items (condoms, eyepatches, noisemakers) in earnest now, and hope to have a collection worthy of the Smithsonian in a few months. If anybody has any extras, please send them to us. We can trade some impressive silly promo items of our own (dinghies, boxer shorts, toupees), all emblazoned with the WFMU logo.

Hope you all have an off-white Christmas. Our next playlist will be out in early January.

-David
