Dear Friends,

In February we'll return to the usual monthly playlist. This two month version (December/January) is due to lack of records in the mail during the holidays, but to make this more exciting, we'll pretend it was a blunder of our own egotistical thoughtlessness. The conceited WFMU "head" continues to swell as the accolades keep seeping in. The latest is the CMJ New Music Report readers' poll Top College Radio Station of the year. Thanks to those record companies and radio stations that picked us. Don't forget to cast your vote for WFMU as the sexiest radio station of the year in the upcoming People magazine readers' poll.

Truthfully, we appreciate all the recent praise, but we're humbly striving to provide our listeners with ever-improving radio (as always including ALL types of music, NEW and OLD). Aside from the music, hard-working station manager Ken Freedman (photographed in last month's N.Y. Times article with his sleeves uprolled and jeans ripped) and our earnest staff are at this very moment slaving over the Winter edition of our program guide, Lowest Common Denominator. The threatened Conspiracy Theory issue was no lie, and will become a reality in late February, as a 48 page extravaganza.

There's no truth to the rumor that I'll be on the Lifestyles of the Rich and Famous TV show, but you can call me on Tuesdays or Fridays for all the gossip on the glamorous life here at WFMU.

See ya later, alligator,

A handwritten signature in dark ink, appearing to read "David". The signature is stylized with a large, looping "D" and a trailing flourish.
