more...

Well, I really have a lot of people to thank on this playlist. It is the largest I have ever compiled, and quite probably the largest in this station's history! Thank you to all of the new labels and distributors who have sent us material in the last few months.

I also must thank everybody who mailed us extra promo's to offer as prizes for the marathon. We were able to come within one percent of our goal of one hundred ten thousand dollars, and it would not have been possible without all of you. We will be mailing written acknowledgements of the albums we received to all who requested this. If you did not do so, give us a ring and it will be done.

By the way, rumour has it that WFMU will be the topic of an article in the Village Voice this month...

Thanks Again,

Steve Dondershine
