Almost done...and another typewriter bites the dust...
 This backup typewriter doesn't type C's or F's (I guess I won't swear) Thankfully we're about to raise money with our annual nine day on-air fundraising marathon. WFMU continues its 20 year tradition of being funded only by listener contributions. No commercials, underwriting, college or student money, grants or payola.
 Thanks to all the record companies that have already donated records for listener prizes for the marathon. In April, I'll be sending more formal thanks and certificates of donation. If you wanted to donate prizes, but haven't yet, it's not too late! Call me or Ken Freedman today! (201-266-7901, 7902)

* The special 48 page "Conspiracy theory" issue of our program guide, Lowest Common Denominator is now available. Call or write if you would like a copy.

Until we get a new typewriter,

David Newgarden
