Back to school time, as WFMU begins its 30th year, but nothing much changes... still 24 hours a day, 365 days a year, kicking out 1440 watts to New York City, Northern New Jersey, and even a few folks in Pennsylvania, Connecticut, the Jersey shore, and Westchester, NY. Also, a coupla Upsala students as well. And WFMU is still 100% funded by listener donations. There are no commercials, no underwriting or grants, and we don't get a penny from the college or the students. It's still just those grateful listeners that keep us going...and 30 year old typewriters...

My Fall office hours: Tuesdays 9-9, Friday 4-9

David Newgarden
Music Director
