---

The new issue of our program guide, Lowest Common Denominator is now out; call or write if you'd like a copy. In addition to all the usual LCD fun, there's a detailed article on the WFMU territory dispute. The latest news is that a huge engineering firm is donating their services for our border skirmish. But we're still paying enormous bills for legal help...So our annual on-air fund-drive (March 26-April 8) will have to bring in about twice as many donations as last year (4700 listeners gave \$170,000).

Prize drawings help us bring in pledges. If your record/tape/CD got heavy airplay and you can spare extra copies, they'd make great give-aways. Our DJs talk up and play cuts off the prizes we give away, so the recordings get lots of exposure as well as helping us raise money for our very important cause.

For more info, call me at 201-266-7901. I'm here Tuesday mornings and all day on Fridays.

Thanks,

David Newgarden  
Music Director
