Hello again from the urban sprawl that is New Jersey/NYC...

A few things--our annual Marathon is coming up, and you should receive a letter with this playlist asking for prizes for us to give away. If you're going to send us any, we'll need them soon--we have to receive them well before the start of the marathon (Feb. 27).

I now have email. I love getting any information, notes, etc., this way, as I'm not sick of it yet. If you have an email address, PLEASE write me! My address is robin@wfmw.org. I've been in contact with some of you via email already. We also have a web site that is still forming but is getting more interesting every day. I'll send out the address for that if you want it.

Also, I will be starting to send out playlists every two weeks via email. If you would like to be included, email me. If you want to get email playlists *instead* of monthly mail playlists, that, too, would be good to know.

This is the last playlist that will cover two months at a time in this tome-like fashion. Hopefully ever. It's just too long and sprawling, and comes out WAY after we've played your stuff. So expect these more frequently. (promises, promises...)

many thanks
