To all industry lackeys and chiefs:

We have finished the marathon!! This year, over \$307,000 was pledged during our annual two-week on-air fundraiser, which ended March 12th--exceeding our goal of \$300,000! About 85-90% of that will turn into actual \$, but who's complaining... To those of you who contributed stuff, thank you (see next page).

Our internet web site is up and running! Users can access us via the world wide web at <http://wfmw.org>. We're also accessed through gopher and lynx at wfmw.org. Our bi-weekly playlists are available there so far... We're starting to put music on the site as well. We've gotten the approval of a few artists to put their music on in a "jukebox" style format. Admittedly, it still takes longer then the length of an actual piece to download (a 3 minute song may take 5 minutes to download)--but hey--it's free, and educational...

If you need to reach me via internet (and I love to get email, I check all the time) my address is robin@wfmw.org . It's actually the best way to reach me and get an immediate reponse...

thanks again! See next page!

Below is a list of everyone, labels, artists, and companies, who **generously** donated stuff to us to give away on the air during the marathon. If I've forgotten anyone, sorry. Muchas Gracias, again! Find your name, pat yourself on the back! You've helped us greatly!
