The training wheels are off (thanks, David) and I'm tottering down the block on my own as interim music director. Look, no hands!

Need I mention the upcoming WFMU Record Fair on the weekend of May 21 and 22? Once again it's being held at the venison venue, the Hoboken Elks Lodge (1005 Washington St.). Expect to find recordings in all sorts of formats (LP's, 45's, 78's, cassettes, CD's, 8-tracks, and maybe even a few Edison cylinders) and all sorts of genres (rock 'n roll, psych, punk, soul, jazz, experimental, international, and maybe even some Space Age Bachelor Pad music). Among the dealers expected back are Original Music, Forced Exposure, Tec-Tones/Ralph Records, Crazy Rhythms, Pier Platters, Downtown Music Gallery, Goldmine, Norton Records/Kicks, Telstar Records, as well as many others. We'll also have beer, live broadcasts by many of your favorite WFMU radio friends, beer, stuffed elks, and cold, tasty beer to slake your thirst. So if you're within the sound of our signal, please stop in. You'll only claim to have been there later.

In addition, hot off the presses is the new edition of *LCD*, WFMU's combination program guide and propaganda rag. It's chockablock brimmin' with informative articles, richly detailed illustrations, and typographical errors.

Speaking of giving the East Orange Post Office headaches, we're also in the process of mailing out our post-fundraiser prizes and premiums to many of the listeners who made our '93 fund drive a success. So thanks again to all those who have contributed prizes.

Expect my name at the top of a couple more of these lists, until my inevitable replacement arrives sometime in mid-summer. Until then...

Yours Tiil Niagara Falls,

Gaylord
