11-14-94

Hello from the toxic wastes of Northern New Jersey. This is my first playlist flying solo, as it were, (ballast assistance from **Nick Marantz**, of course). It's a little longer than usual, and in much smaller type. So whip out the reading glasses and see what we've been playing in the last two months...

Also business of note: WFMU is having another record fair, though this one out from under the shadow of the ELK (formerly held at the Elk's lodge in Hoboken). We will now be under the long arm of the cross instead--It'll be held at Mary Help of Christians Church, 12th St. and Avenue A in Manhattan, on December 3rd and 4th, from 11-9 on Saturday, 11-7 on Sunday. More tables, more dealers coming from as far as Maryland and Massachusetts, beer, and live broadcasts...

We also have a new catalog out. If you haven't received one, give me a call and I'll send you one. It's full of all kinds of weirdities and music you can't get elsewhere, as well as stuff you *can* get elsewhere, though we'd love it if you get it from us. New categories include "Throat Culture" (weird vocal musics), "Judeo-Christian Legacy" (from **Sister Wynona Carr** to **David Koresh**), "Coping with Mental Illness", and "Comics" (uh, self-explanatory).

Thanks to **Antietam**, **Bettie Serveert**, and **Eggs** for playing our benefit tomorrow, November 15th, at the BRAND-NEW Knitting Factory space. Also thanks to **Michael Krumper** at Atlantic for planning and proposing it.

Also, those of you at labels--we're always trying to get more and different records for our lovely djs to play for our enlightened listeners. So if any other-label pals or friend-in-bands ever ask you what stations they should send stuff to, why not say "First, you can't not send to WFMU, and then there's..."

That's all for now.

Robin Edgerton, Music Director
