Greetings, comrades...

Our NOW **Bi-Annual Record Fair** will be in Manhattan at the **Mary Help of Christians Church at 12th St. and Avenue A**. Each fair seems to get better and better, the dealers/sellers--and coming from farther and farther away--at the last record fair, even "celeb" Thurston Moore shared a table, selling off bits of his record collection (I bought a Cloiter 10" from him...cheep) and our usual parade of djs hawking the bits of theirs. If you want more info call me! It'll be on **MAY 6 and 7**.

There are no cassettes on this playlist. This does NOT reflect any type of changes in programming here at WFMU. We still play cassettes. In fact, they are getting played more than ever. Just none were added to our library within the month reflected by this playlist...

I'm always here to answer your questions, especially to those of you who regularly send materials. But I can be hard to reach via the phone. Either email me ([robin@wfmua.org](mailto:robin@wfmua.org)) or leave a specific message on my machine. I get tens of calls each day and can't return them all, unfortunately. But I continue to try...

muchas gracias!

-robin
