Hello All! A second wave of scads of thanks to all who donated to our March marathon (thankyouthankyou!). As an update on our Tenuous Housing Situation (that's THS): Later this summer, we will be given the option to buy the house in which we are currently located, or move within 60 DAYS. So far, we've raised almost \$50,000 (we'll need a lot more) from generous "House of Tomorrow" Funders, who pledged \$300 apiece to help us get together a down-payment on a (yet undiscovered) building, preferably in Jersey City or Hoboken. We really would prefer to move--our neighborhood in East Orange is going downhill fast--and the local police just laid off one-third of their force, which doesn't help any. We'll keep you posted on further developments as they arise, unless, of course, we're hyperventilating with anxiety and can't type....

-Robin Edgerton, Music Directress
