Hello, everyone....

Welcome to my first playlist as the new guy; i'm the Interim Music Director here at WFMU and I must say it's a pleasure to be here. Some of you folks may already know me from my old gigs: I was at WRKC and Gallery of Sound in Wilkes-Barre, PA, edited a zine called *Teen Looch* and more recently as the buyer for Mondo Kim's in St. Mark's Place in NYC.

Although I've only been in New York for a year, I've been both a longtime fan of WFMU and the freeform aesthetic in general. Music fans today are, more than ever before, finding out that being in tune with all facets of music is not always the easiest thing, especially with labels, TV, radio, and magazines seeming to have the desire to encapsulate, define, polarize, and shove at you every little trend that rumbles even from the underground. WFMU continues to be about the common thread, quality music from anyone who offers, past and present.

Needless to say, I've got some pretty big shoes to fill due to the excellent work of my predecessors, and I'd like to especially thank Robin Edgerton for her help in getting me settled here and offer best wishes for her at Asphodel; she can still be reached via email here at robin@wfm.org or at 201-433-4041. Good luck, Robin. As for me, my email address is brian@wfm.org and I'll continue Robin's office hours of Thursday 12-5 PM.

A ton of great stuff going on here in the wilds of East Orange: fantastic live on-air stints from **Long Fin Killie** (thanks Matthew), the **Original Sins** (complete with some extended JT rants - trust me, it's a *Pennsylvania* thing) and a phenomenal triple bill of Ohio art-punk-damaged legends like John Morton, Paul Marotta, and Mike Hudson (from bands like the Electric Eels, Mirrors, etc. etc.) blowing everyone completely away with their various combos **If Bwana**, **Hudson-Styrene** and **Ameoba (Raft Boy)**. Stork engineered through the board his first biorhythm machine, incidentally.

Hope to speak to you soon, Robin's already clued me in to some of you folks.. Latest issue of LCD is available now, call if you haven't gotten one.

Brian
