Yeah, there's two months worth of records here, so a lot to scan..where to begin? Well, September till the present were probably the busiest four months in WFMU's recent history, so if I've been unable to get back to you, my apologies. Normally, I stick with my office hours (Thursdays 12-5), but with all of the events we've been involved with it's been a little impossible to be around all the time. First off: our WFMU House of Tomorrow Benefit on November 13 at the Westbeth Theater was a huge success. **Stereolab, Blonde Redhead, Run On** and **DJ Land of the Loops** played to a sold-out house and helped WFMU raise around \$5000 for its future home. We are grateful to EVERYONE who helped out: the bands, management, labels, theater, volunteers, ticket outlets, and of course the fans who came out. We are now over our initial \$95000 mark needed to place a downpayment on the potential new home for the station in Jersey City, so we'll keep you posted.

Also a whopping success was our bi-annual record fair December 7th and 8th at Mary Help of Christians church. Every fair the crowds get bigger and bigger, the quality and quantity of our vendors increases, and people get more rabid to get at the records; I was bitten on the arm seven times just reaching to straighten the bins at the FMU table. Once again, we broadcast live, highlights included Rudy Ray Moore (again), Amy Rigby, Queens ranter/poet/genius Bingo Gazingo, and Glenn Jones kissing Ken repeatedly to mark his "return". We're doing it all again in May, and fall indications point to it being THE premier record fair on the East Coast.

If you came by, you also saw our hugely expanded selection of items from the **WFMU Catalog of Curiosities**, which hit the streets in November; please get in touch if you haven't received one. We've got lots of great items, including a very-affordable Theremin kit; although it basically went out the door as quickly as one of those hair-gobbling Cabbage Patch dolls. Also, a great new issue of our own **LCD Magazine** is now available with articles on Gumby's Creator, Urine Therapy, comics, and contributions from Josh Alan Friedman, Nick Tosches and more. These should be arriving around the same time as the playlists, so let me know if you didn't get yours. Finally, WFMU's 1997 Calendar is out as well with artwork courtesy of Archer Prewitt, JD King, Sean Taggart, Tony Millionaire, Gary Lieb, and more.

Recent live appearances on the WFMU airwaves: Barry Adamson, Simeon of the Silver Apples, David Tibet, and tons of in-house music to fill the hallways: Ben Neill, the Renderers, Bingo Gazingo, Home, Cat Power, Elodie Lauten, Ellery Eskelin/Andrea Parkins, Min -Xiao Fen, Yuri Lemeshev, Royal Crowns, and more. We should also note that Tom Scharpling did the first-ever live Neil Hamburger interview (Neil was calling from a motel from his 360-dates-a-year tour). Thanks to everyone who helped get them all together.

Finally: the 1997 Marathon is coming our way March 3-16th, and in order to entice our listeners to dig deep down into their hearts and pocketbooks to keep WFMU running another year, we'll need some prizes, musical and otherwise. So, I'll be in touch in the upcoming weeks to try to see what we can work out...your help is appreciated.
