

PLEASE welcome to your ears, Bryan Bowers, Jim Page and Evan Purcell. The best of all the holidays and a happy new year to each of you listening. A special thanks to Ilse Flannigan, the best thing in my life, to Bryan, Jim, Evan for being on their game in the studio, to Tim (recording engineer), my friend and designer, Chuck Pennington for his talents, friendship, and insights. Don Chapman and Videoland in Olympia turned the master disc, Chuck's graphics, and the good music into what you're holding in your hands. —Dennis Flannigan
